INDEPENDENT AUDITOR'S REPORT

To the Village Board
Village of Somers
Kenosha County, Wisconsin

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Somers, Wisconsin as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to previously present fairly the financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Somers, Wisconsin, as of December 31, 2021, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village of Somers, Wisconsin, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village of Somers, Wisconsin's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village of Somers, Wisconsin's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village of Somers, Wisconsin's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 21, and the OPEB and pension schedules on pages 94 through 98 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Somers, Wisconsin's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited the Village of Somers 2020 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated November 9, 2021. In our opinion, the summarized comparative information for the government funds presented herein as of and for the year ended December 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

Our discussion and analysis of the Village of Somers's financial performance provides an overview of the Village's financial activities for the year ended December 31, 2021.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position, the Statement of Activities and the Fund financial statements provide information about the long-term finances and the activities of the Village as a whole. Governmental activities reflect how services were financed in the short-term and what balance remains for future spending. The Village's fund financial statements report the Village's operations in more detail than government-wide statements. The Statement of Net Position and Statement of Activities provide information about the Village's most significant funds. Our analysis of the Village as a whole begins on page 22.

Reporting the Village as a Whole

One of the most important questions asked about the Village's finances - "Is the Village as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Village as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting. Most private-sector companies use accrual basis of accounting. All the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Village's net position and changes in them. You can think of the Village's net position - the difference between assets and liabilities - as one way to measure the Village's financial health, or financial position. Over time, increases or decreases in the Village's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the Village's financial health, you will need to consider other non-financial factors, such as changes in the Village's property tax base and the condition of the Village's roads, both of which have shown significant improvement.

To aid in the understanding of the Statement of Activities, some additional explanation is given. Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. The reason for this kind of format is to highlight the relative financial burden of each of the functions on the Village's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing, through fees and grants.

In the Statement of Net Position and the Statement of Activities, we divide the Village into three kinds of activities:

Governmental activities: Most of the Village's basic services are reported here, including public safety, highway, parks, planning, capital projects, and administration. Property taxes, licensure fees, fines, donations and state and federal grants finance most of these activities.

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

Reporting the Village as a Whole (continued)

Governmental Activities: (continued)

The functions and programs of the primary government, along with the composition of each function by Village department are listed below.

- General Government includes the Village Board, Municipal Court, Village office, Clerk-Treasurer, Elections, Board of Review, Village Assessor, audit fees, legal fees, engineering, Village Hall, membership dues, advertising and publications, property and liability insurance, and Debt Service payments.
- Public Safety includes the Somers Fire and Rescue department and the Village's Building Inspection department. The Village entered into a contract to provide general law enforcement services with the Kenosha County Sheriff's Department for 24 hours per day beginning January 1, 2021.
- Public Works includes the maintenance of all Village & Town roads, operation of municipal sewer & water utilities, related facilities and street lighting.
- Solid Waste Collection is a contracted service for garbage and recycling pickup.
- Leisure Activities includes a recreation program which offers softball, soccer, golf & basketball.
- Conservation and Development includes the Plan Commission, the Board of Appeals, the Park Committee and the eleven Tax Incremental Districts. In an effort to save costs, the Village contracts with Kenosha County Planning & Development for zoning oversight.

Business-type activities:

The Village charges fees to customers for the business-type services it provides. The business-type activities include the Somers Water Utility, Storm Water Utility and the two sewer utilities – KR and Utility District #1. Water rates are established by the Public Service Commission of Wisconsin based on fact and circumstances presented in rate case petitions by the water utility management. Once granted, water rates are implemented with the review and approval of the Somers Water Commissioners. Rates for sewer service are established by the sewer utility management subject to approval by the Village of Somers Sewer Commission.

Fiduciary activities:

The Village collects property taxes on behalf of other governments. Collected taxes are included in cash and offset with a matching liability to the government. Uncollected taxes are recorded as a receivable.

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

Reporting the Village's Most Significant Funds

The fund financial statements provide detailed information about the most significant funds - not the Village as a whole. The Village, by the nature of its activity, utilizes three types of funds – governmental, proprietary, and fiduciary, requiring different accounting approaches.

Governmental Funds

Most of the Village's basic services are reported in Governmental Funds, which focus on how money flows in and out of those funds and balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental Fund statements provide a detailed short-term view of the Village's general government operations and the basic services it provides.

Governmental Fund information helps determine the financial resources that can be spent in the near future to finance the Village's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations following the respective Governmental Funds' statements.

The Governmental Funds include the General Fund, a 10-year Capital Projects Fund, Debt Service Funds, and Tax Incremental Districts #1-11. Additionally, the Village reports other governmental activities including park improvement, restricted federal funding, and drainage the non-major Special Revenue funds. The General Fund includes General Government, Public Safety, Public Works, Solid Waste Collection, Leisure Activities, and Conservation and Development. The Capital Projects Fund is used to account for infrastructure projects, developer's incentive payments & on-going TIF project expenses. The Debt Service Fund serves as a clearing account for present and future debt payments.

Proprietary Funds

The Village uses Proprietary Funds to account for its business-type activities such as the Somers Water Utility, Storm Water Utility, the KR Sewer District and Utility District #1. The Proprietary Funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. The Village's Proprietary Fund is the same as the business-type activities we report in the government-wide statements but provides more detail and additional information such as cash flows.

Fiduciary Funds

The Village uses a Fiduciary Fund to account for taxes collected by the Village on behalf of other municipalities. The fiduciary fund is reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities.

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

The Village as a Whole

Government-wide Financial Analysis

The condensed financial statements on page 8 and 9 present the net position of the Village and changes in net position. These statements are presented with comparisons to 2020. Net position may serve over time as a useful indicator of a government's financial position. In 2021, the Village's assets exceeded liabilities by \$36,447,257 as compared to having assets in excess of liabilities of \$33,550,965 in 2020.

The largest portion of the Village's 2021 net position (106%, compared to 70% for 2020) reflects the Village's investment in capital assets less any outstanding related debt used to acquire those assets. The Village uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. A deficit of approximately \$3,300,000 (surplus of \$9,476,000 for 2020) is in the category of unrestricted net assets which may be used to meet the Village's ongoing obligations to citizens and creditors. This represents -8% and 28% of total net position each year, respectively.

In 2021, the other 2% of net position reflected the non-expendable use as it relates to the net pension asset as a result of GASB 68. For 2020, restricted net position was also 2% of the total.

The Village as a Whole (continued)

Government-Wide Financial Analysis (Continued)

Revenues:

Total revenues for the Village increased by \$62,862 due to significant developer donations in connection with TID development, offset by reductions in other taxes and miscellaneous revenues.

Expenditures:

Expenditures increased by \$313,979 for the Village. This is due to general inflation and increased cost of labor, materials, and other services purchased by the Village.

REVENUES BY SOURCE – GOVERNMENTAL ACTIVITIES

MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

PROGRAM REVENUES AND EXPENSES – BUSINESS-TYPE ACTIVITIES

The following chart shows the portion of expenses by function that is covered by program revenues for business-type activities.

The Village's Funds

The Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. These funds, along with major changes that occurred in the Village's funds are described below.

In 2021, the Village Board continued to follow policies that cover the areas of debt and capitalization. The Village finalized a 10-year Capital Improvement Plan, long-range Financial Management Plan and a Utility study in 2020 and continues to follow those.

General Fund

The General Fund closed out in 2021 with an increase of \$63,838. This happened due to additional intergovernmental revenue and local revenue in excess of anticipated amounts. The Unrestricted General Fund balance of \$3.1 million is 59% of General Fund expenditures. The Village's fund balance policy requires at least a seventeen percent reserve.

The following table shows total General fund balances for the past three years:

	<u>2019</u>	<u>2020</u>	<u>2021</u>
General fund	<u>\$ 3,401,475</u>	<u>\$ 3,026,402</u>	<u>\$ 3,090,240</u>

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

The Village's Funds (continued)

Special Revenue Funds

The Parks and Drainage funds are long standing funds to be used for park and drainage improvement projects. In 2021, the ARPA fund was added to account for funds received and spent under the American Rescue Plan Act.

Since being involved with the Root-Pike Water Shed Initiative, the Village of Somers has utilized drainage funds to promote educational programs to teach the public about the benefits of preserving our natural resources. The programs chosen for this educational initiative were carefully reviewed to ensure they satisfy the requirements for the State of Wisconsin's Storm Water Management Discharge Permit.

The Park Committee's goal is to increase residents' involvement and enjoyment of their community through park land improvement. A Veteran's Walkway continues to have purchases of Memorial bricks.

The ARPA funding received in 2021 was unspent at year-end, and will be earned over the next two years as allowable expenditures are made.

Capital Projects Fund

The Capital Projects Fund is reviewed on an annual basis & approved by the Village Board. The Board continues to follow a 10-year Capital Projects Budget.

Debt Service Fund

The sole purpose is for servicing governmental debt. All of the Tax Incremental Districts' debt is included in the Debt Service. The fund balance closed out the year with \$4,216,070 compared to \$3,003,750 in 2020.

Tax Incremental Districts

TIF District deficits are anticipated to be funded with future incremental taxes levied over the life of the district.

Tax Incremental District #1

This District has a fund balance of \$1,002,736. This is due to developer incentives, administrative & engineering costs exceeding initial estimates. The fund also has unspent debt proceeds at year-end, resulting in a positive fund balance. Remaining debt proceeds will be spent in the following year.

Tax Incremental District #2

The Village financed projects for TID #2. The fund balance is a deficit of \$359. The fund's expenditures were supported by a transfer from the debt service fund.

Tax Incremental District #3

Located near I-94 and HWY 142. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 388.42 acres, with a base valuation of \$1,763,329. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$71,898,929. During the year, the District issued debt and expended funds for utility improvements, which were contributed to the Utility District. There is an ending fund deficit of \$513,908.

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

The Village's Funds (continued)

Tax Incremental District #4

Located near CTH E and HWY 31. This is a mixed-use district, with commercial and residential uses proposed. The District encompasses 150.10 acres, with a base valuation of \$1,040,101. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$71,175,701. The Village financed projects for TID #4, resulting in the fund deficit of \$185,330.

Tax Incremental District #5

Is bisected by CTH L and runs north to south along HWY 31. This is a mixed-use district, with commercial, industrial, and residential uses proposed. The District encompasses 536.47 acres, with a base valuation of \$1,274,382. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$71,409,982. The Village financed projects for TID #5, resulting in the fund deficit of \$58,665.

Tax Incremental District #6

Located near CTH E and I-94. This is a mixed-use district, with commercial, industrial, institutional, and residential uses proposed. The District encompasses 663.34 acres, with a base valuation of \$2,238,343. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$72,373,943. During the year, the District issued debt and expended funds for utility improvements, which were contributed to the Utility District. There is an ending fund deficit of \$1,059,967.

Tax Incremental District #7

Located near CTH KR and I-94. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 1,678.55 acres, with a base valuation of \$7,976,467. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$78,082,067. Minimal expenditures were made for the District during the year. There is an ending fund deficit of \$18,350.

Tax Incremental District #8

Located near CTH E and I-94. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 220.76 acres, with a base valuation of \$343,953. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$70,479,553. During the year, the District issued debt and expended funds for utility improvements, which were contributed to the Utility District. There is an ending fund deficit of \$231,948.

Tax Incremental District #9

Located near the lake front on the northern part of HWY 32. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 6.23 acres, with a base valuation of \$1,983,575. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$72,119,175. Minimal expenditures were made for the District during the year. There is an ending fund deficit of \$18,308.

The Village's Funds (continued)

Tax Incremental District #10

Located near 11 Place and HWY 32. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 12.47 acres, with a base valuation of \$3,067,895. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the proposed District, totals \$73,203,495. Minimal expenditures were made for the District during the year. There is an ending fund deficit of \$7,235.

Tax Incremental District #11

Located near CTH S and CTH H. This is a mixed-use district, with commercial and industrial uses proposed. District encompasses 66.49 acres, with a base valuation of \$185,414. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$70,612,301. Minimal expenditures were made for the District during the year. There is an ending fund deficit of \$18,300.

Enterprise Funds

Somers Water Utility, Utility District #1 and KR Sewer Utility all operate as enterprise funds. All of the enterprise funds account for contributed capital as revenue received in the year the capital asset is recognized.

Somers Water Utility Fund

The Water Utility closed 2021 with an increase in net position of \$5,163,110 due to \$5 million of contributed water mains from the TID funds. Management, in concert with consulting engineers and Board oversight, continues to develop Village-wide plans that address new development in areas to be serviced by municipal water.

Sewer Utility District #1 Fund

Overall, the Sewer Utility District #1 closed out the year with an increase in net position of \$3,176,659. Total net operating income for the Sewer Utility District #1 in 2021 was \$1,021,189. This fund has an unrestricted net position at year end 2021 of \$24.3 million.

Sewer system maintenance is critical for the health and safety of our residents. To ensure seamless service to the sewer customer base, Sewer Utility District #1 employs camera aided visual inspection to determine the need and type of periodic maintenance best suited. The District continues to use its VAC truck to maintain the Utility's infrastructure. In 2020, the District continued the sewer lateral program to reduce inflow/infiltration. This proactive approach is fully compliant both with DNR regulation and our collective concern for the environment. In 2020, the Village obtained the loan in the amount of \$5 million for the rehabilitation/replacement of sewer mains and laterals in the Sheridan Road Corridor. The loan was granted and the project began in Spring of 2021 and is expected to be completed in 2022.

The Village's Funds (continued)

KR Sewer Utility Fund

The KR Sewer Utility was established to service a small area along the County Highway KR border, Racine County to the north. The sewer line flows into the Mount Pleasant Interceptor Sewer and ultimately east to the Racine Sewer treatment plant.

For this service, the utility pays a set amount per quarter to the Village of Mount Pleasant for the treatment of sewer and an annual rental charge for the conveyance line on KR. In 2021, the Utility experienced an operating loss of \$12,289.

The KR Sewer Utility has a multi-jurisdictional agreement to help Racine Sewer Utility reconstruct the aging treatment plant. On an annual basis, a series of calculations based on property values is performed. The agreement and the resulting calculation, determines who owes money to City of Racine Sewer Utility and who receives money.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Village General Fund has fund balance of \$3,090,240 which is a \$63,838 increase from 2020. This is a result of the Village receiving additional intergovernmental revenue.

Below is a summary of the General Fund's actual revenues and expenditures compared to budgeted amounts.

ECONOMIC FACTORS AND DEVELOPMENT PROJECT UPDATES

Somers is a small community located along Interstate 94 (I-94) in southeastern Wisconsin's Kenosha County, between Milwaukee and Chicago. With a board and management team that have recently instituted a number of fiscal planning practices and policy changes, the Village has seen solid financial performance over the past three fiscal years after recovering from a period of negative reserves and weak budgetary performance. We expect the Village to sustain a structurally balanced budget with very strong reserves going forward. The Village has continued to invest heavily in bringing infrastructure to the I-94 Corridor area. These investments have spurred interest in the area and the Village is starting to see the fruits of its efforts.

The DNR received a straddling community diversion application from the Village of Somers in February 2021. After receiving the application, the DNR invited the public to provide comments on the application and received public testimony at a hearing in November 2021. The Village expects its approval in early 2022. This will allow the Village to divert up to an annual average of 1.2 million gallons of water per day over the subcontinental divide and allow the Village to serve new development with municipal utilities.

Two Tax Incremental Financing Districts were created in 2015 in order to facilitate economic development and have proven to be highly successful. TIF District #1 encompasses the First Park LLC development. The first building was completed in June 2016 and a second building followed shortly thereafter. Both buildings are 100% leased. First Park 94 has continued its efforts to bring a third building to TIF District #1 by having proposed plans reviewed by the Village. In 2021, the Village completed installation of over 4000 feet of sanitary sewer main to help fuel further development in TID #1 and serve areas near the I-94 Corridor.

TIF District #2 runs along the central corridor of the Village. TID #2 abuts a Wal-Mart Supercenter and Sam's Club. It is home to a Festival Foods grocery store and Kwik Trip convenience store. It is also home to Somers Market Square Apartments. Phase 1 included 280 units and was completed in 2017. Phase 2 added an additional 50 units and was completed in 2019. They have over a 90% occupancy rate. These apartments spurred additional Commercial Development in TIF District #2. These additions include the following: Burger King; Firestone; Jiffy Lube; a multi-tenant building anchored by Starbucks, Shopko Optical, Jersey Mike's, and US Nail Bar; and Oakfire Restaurant, a 9700 square foot woodfire pizza restaurant. In 2021, an additional multi-tenant building anchor by a Taco Bell broke ground. A new Popeye's Louisiana Chicken was approved and broke ground in 2021, as well as a Dunkin Donuts.

The Village is working with developers from throughout the country on new development. Based on this strong interest in development, the Village Board established nine (9) new TIF districts in 2018.

TIF District #4 is home to the Hawthorn Luxury Apartments complex. The project was completed in 2021 and added an additional 241 units of market rate apartments. They have over a 90% occupancy rate. The WVRC Emergency Vet Clinic was also completed and occupied in 2021.

TIF District #5 saw its first development take shape in 2021. The Village entered into a development agreement with SCS Pike Creek, LLC to bring 338 units of market rate apartments to the Village. The original 88-acre parcel is located on the Northwest corner of STH 31 and CTH L. Approximately 64 acres will be home to the multi-family project and the remaining acreage will be retained by the original owner for a future commercial project.

**VILLAGE OF SOMERS
MANAGEMENT'S DISCUSSION AND ANALYSIS
(Unaudited)**

TIF District #6 has begun to take shape. In 2020, The Village entered into a development agreement with Tawani Enterprises Inc to bring the Pritzker Archives & Memorial Park Center to Somers. The project will include a Museum Space, archival space, community green space, the world's only Cold War Memorial, and a Firearms Education and Training Center. In 2021, the one-of-a-kind archival center was nearly completed and hopes to open in early 2023. The project brought an estimated \$14.5 Million dollars of sewer and water to the Village. The work on this infrastructure began in 2021 and will be completed in 2022. This infrastructure has opened up over 1,000 acres for potential future development. In 2021, Becknell Industries and the Village entered into an agreement to bring a Class "A" warehousing/industrial building on approximately 50 acres. The building will be approximately 795,000 sq. ft. This building is scheduled to break ground in 2022. Becknell's concept plan also calls for the possibility of two additional buildings totaling approximately 900,000 sq. ft. These buildings would be located in the adjacent TIF District #3.

TIF District #3 had additional development take shape in 2021. The Village entered into a development agreement with Kwik Trip to bring a travel center to CTH S and the East Frontage Road. The project includes a Kwik Trip travel center with convenience store, car wash, and outside dining area, with fueling for autos and trucks and a 105-space truck parking area. This project broke ground in 2021 and is scheduled to be completed in 2022. In late 2021, the Village entered into a development agreement with HSA Acquisitions to bring a "Class A" warehousing/industrial building to approximately 65 acres located off of CTH S. The building would be approximately 905,000 sq. ft. The project is scheduled to begin in 2022.

Development has also taken place outside of the Village's TIF Districts. Bear Development's Pike Ridge project was completed in 2021. This included occupancy of 80 units of senior living and 16 townhomes. Golden Oil completed the construction of a service station & new corporate office building. Along Lake Michigan a new 68-unit multi-family building was approved in 2021 for site that has sat vacant for many years.

The Paris Intergovernmental Agreement, finalized in 2017, is a historic agreement between the Village of Somers, City of Kenosha & Town of Paris. The agreement opened 2,000 acres of land for development which is estimated at a potential improved value of \$2 billion. In 2021, the Village approved its first attachment of land from the Town of Paris to the Village under said agreement. This attachment was spurred by a developer wishing to bring over 1.8 million square feet of warehousing/industrials building to the growth area. In 2021, this project was approved by the Village of Somers/Town of Paris Intergovernmental Commission is scheduled to begin in 2022.

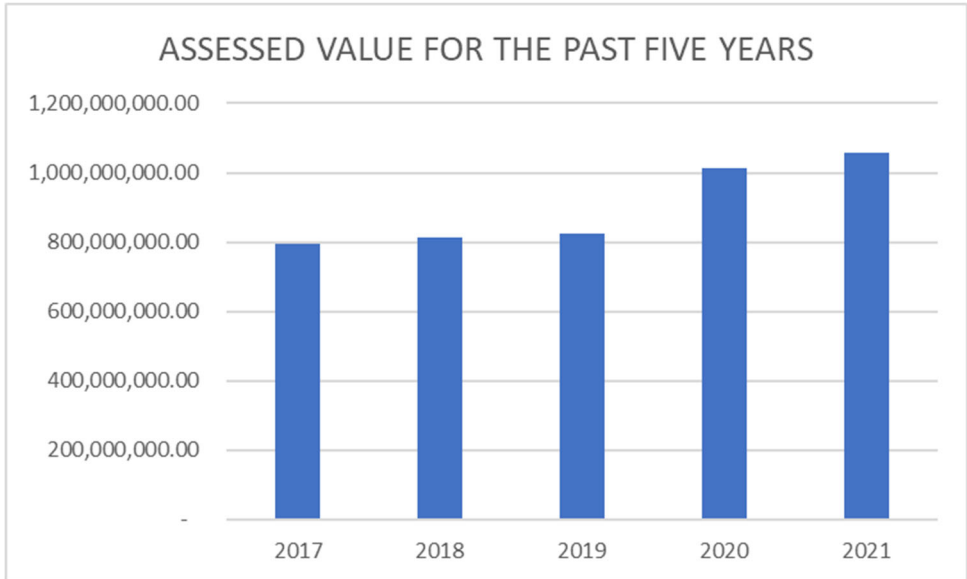

RATING CHANGE

The Village maintains its S&P Global Ratings of 'AA-' rating for taxable general obligation (GO) refunding bonds. The outlook is stable.

VILLAGE OF SOMERS
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
December 31, 2021

Fund balance - total governmental funds	\$	6,591,121
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		16,842,813
Other long-term assets are not available to pay current period expenditures and therefore are deferred in the funds.		
Net pension asset		860,799
Some deferred outflows and inflows of resources reflect changes in long-term liabilities and are not reported in the funds.		
Deferred outflows related to pensions		1,442,247
Deferred inflows related to pensions		(1,946,256)
Deferred outflows related to other postemployment benefits		275,929
Deferred inflows related to other postemployment benefits		(144,664)
		(372,744)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		
Bonds and notes payable		(32,282,398)
Premium on debt		(345,759)
Compensated absences		(233,600)
Other postemployment benefit		(1,540,775)
Deferred gain on refunding		(151,309)
Accrued interest on long-term obligations		(142,982)
		(34,696,823)
Net position	\$	(10,774,834)

See accompanying notes to the financial statements.

**VILLAGE OF SOMERS
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2021**

Net change in fund balances - total governmental funds	\$	656,048
--	----	---------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital asset additions reported as capital outlay in governmental fund statements		1,488,246
Depreciation expense reported in the Statement of Activities		(862,271)
		625,975

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Long-term debt issued		(15,678,606)
Premium on debt issued		23,207
Principal repaid		2,807,796
		(12,847,603)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in accrued interest on long-term debt		10,094
Change in compensated absences		118,535
Pension expense		300,103
Other postemployment benefits expense		(21,944)
		406,788

Change in net assets of governmental activities	\$	(11,158,791)
---	----	--------------

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Village of Somers, Wisconsin conform to generally accepted accounting principles as applicable to governmental units.

The Town of Somers was formed in 1843. In January, 2015, the Wisconsin Department of Administration approved the Incorporation application for a portion of the Town to become a Village. The Incorporation Referendum was approved by the voters and Wisconsin issued the Incorporation Certificate on April 24, 2015. This marked the beginning of the Village of Somers which coexists with the Town of Somers. On January 1, 2016, the incorporated Village portion began operations. A remnant of the Town of Somers remains. Please see Note V F. - *Intergovernmental Agreement Between Town of Somers and Village of Somers* for more detail. The scope of this audit report specifically covers the Village of Somers. For purposes of clarity in the notes, when the report refers to prior years' information, the term "Village" will be used in place of "Town".

The Village Board is composed of seven Trustees which includes a President who is elected as provided by 61.20(1), Wisconsin Statutes. Each of the Board members are elected to a two-year staggered term. The Village provides the following services: public safety, public works, public health and welfare, culture, recreation, planning and development, sewerage treatment and waterworks.

A. REPORTING ENTITY

This report includes all of the funds of the Village. The reporting entity for the Village consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A legally separate organization should be reported as a component unit if the elected officials of the primary government are financially accountable to the organization. The primary government is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to or burdens on the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government.

A legally separate tax exempt organization should be reported as a component unit of a reporting entity if all the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units or its constituents, (2) the primary government is entitled to or has the ability to otherwise access a majority of the economic resources received or held by the separate organization, and (3) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to or has the ability to otherwise access are significant to that primary government. This report does not contain any component units.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village currently does have assets that qualify for reporting in this category which are the amounts related to pension benefits and other post-employment benefits and the difference between the amount paid to the fund and the actuarially determined value.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Village has three types of inflows that qualify for reporting in this category: property taxes, other post-employment benefits, and pension liability. These amounts will be recognized as an inflow of resources in the subsequent year for which it was levied.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect expenses are allocated based on management estimates of employees' time spent across the Village's various functions. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which, are considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows, liabilities, deferred inflows, fund equity, revenues, and expenditures/expenses. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Funds are organized as major funds or non-major funds within the governmental, proprietary, and fiduciary statements. An emphasis is placed on major funds within the governmental and proprietary categories.

A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

- a. Total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental fund or enterprise fund that met the 10 percent test is at least 5 percent of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or proprietary fund that the Village believes is particularly important to financial statement users may be reported as a major fund.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

Fund Financial Statements (continued)

The Village reports the following major governmental funds:

Major Governmental Funds

- General Fund – accounts for the Village’s primary operating activities. It is used to account for all financial resources except those required to be accounted for in another fund.
- Debt Service Fund – accounts for resources accumulated and payments made for principal and interest on long-term debt other than enterprise debt. This includes the debt for the Village’s Tax Incremental Districts.
- Tax Incremental District #1 – accounts for all activity related to the First Park LLC development.
- Tax Incremental District #6 – accounts for the Village’s district on the east border of I-94 and Highway E.

The Village reports the following major enterprise funds:

Major Enterprise Funds

- Utility District #1 – accounts for the sewer operations of the Village.
- Somers Water Utility – accounts for water operations of the Village.
- KR Utility District – accounts for the sewer operations of the Village.

The Village reports the following non-major governmental and enterprise funds:

Non-Major Governmental Funds

- Capital Projects Fund - accounts for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds accounts for resources legally restricted to supporting expenditures for capital projects. Also includes the following:
 - Tax Incremental District #2 – accounts for all activity related to Somers Market area development.
 - Tax Incremental Districts #3-5 and #7-11. These are new districts in various areas of Somers that the Village intends to develop.
- Special Revenue Funds – used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. These funds are:
 - Park Improvement
 - Drainage
 - American Rescue Plan Act

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

Fund Financial Statements (continued)

Non-Major Enterprise Funds

- Stormwater Utility Fund – accounts for the stormwater operations of the Village.

The Village reports the following fiduciary funds:

- Custodial Fund – The Village reports the funds that it holds for other governments related to the tax levy and collection in a custodial fund.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide Statement of Net Position and Statement of Activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Fund Financial Statements

Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows of resources. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Receivables are recorded as revenues when services are provided.

The business-type activities follow all pronouncements of the Governmental Accounting Standards Board and have elected not to follow Financial Accounting Standards Board guidance issued after November 30, 1989.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION
(continued)

Fund Financial Statements (continued)

The revenues susceptible to accrual are ambulance services. All other Governmental Fund type revenues are recognized when received.

Property taxes are recorded in the year levied as receivables and deferred inflows of resources. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Intergovernmental aids and grants are recognized as revenues in the period the Village is entitled to the resources and the amounts are available. Amounts owed to the Village which are not available are recorded as receivables and unearned revenue. Amounts received prior to the entitlement period are also recorded as unearned revenue.

Special assessments are recorded as revenues when they become measurable and available as current assets. Annual installments due in the future years are reflected as receivables and deferred inflows of resources. Delinquent special assessments being held for collection by the Village are reported as receivables and nonspendable fund balance in the General Fund.

Licenses and permits, fines, forfeitures and penalties, public charges for services and commercial revenues (except investment earnings), are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings and mobile home fees are recorded as earned since they are measurable and available.

The Village reports deferred inflows of resources on its governmental funds balance sheet. Deferred inflows of resources arise from taxes levied in the current year which are for subsequent years' operations. For governmental fund financial statements, unearned revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received before the Village has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Both the Tax Incremental Financing District No. 1 (TID #1) and Tax Incremental Financing District No. 2 (TID #2) were created in 2015 under the provisions of Wisconsin Statute Section 66.1105. The purpose of that section is to allow a municipality to recover development and improvements costs in a designated area from the property taxes generated on the increased value of the property after the creation date of the district. That tax on the increased value is called a tax increment. Project costs may not be incurred longer than 5 years prior to the termination date of the district. The statutes allow the municipality to collect tax increments until the net project cost has been fully recovered, or maximum life based on the resolution date and type of District, whichever occurs first. Project costs uncollected at the dissolution date are absorbed by the municipality.

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION
(continued)

Fund Financial Statements (continued)

For TID #1, the equalized value of the increment of existing tax incremental districts within Somers, plus the base value of the TID #1, totals \$476,300 and it has been declared to be an Industrial District. The plan assumes that development will increase this value to between \$75 million and \$150 million over the span of the project. The project costs for TID #1 were estimated to be \$12,597,000.

For TID #2, the equalized value of the increment of existing tax incremental districts within Somers, plus the base value of the TID #2, totals \$3,665,400 and it has been declared to be a mixed-use development. The plan assumes that development will increase this value to approximately \$57.5 million over the span of the project. The project costs for TID #2 were estimated to be \$9.5 million.

TID #3 is located near I-94 and HWY 142. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 388.42 acres, with a base valuation of \$1,763,329. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$71,898,929.

TID #4 is located near CTH E and HWY 31. This is a mixed-use district, with commercial and residential uses proposed. The District encompasses 150.10 acres, with a base valuation of \$1,040,101. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$71,175,701.

TID #5 is bisected by CTH L and runs north to south along HWY 31. This is a mixed-use district, with commercial, industrial, and residential uses proposed. The District encompasses 536.47 acres, with a base valuation of \$1,274,382. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$71,409,982.

TID #6 is located near CTH E and I-94. This is a mixed-use district, with commercial, industrial, institutional, and residential uses proposed. The District encompasses 663.34 acres, with a base valuation of \$2,238,343. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$72,373,943.

TID #7 is located near CTH KR and I-94. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 1,678.55 acres, with a base valuation of \$7,976,467. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$78,082,067.

TID #8 is located near CTH E and I-94. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 220.76 acres, with a base valuation of \$343,953. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$70,479,553.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION
(continued)

Fund Financial Statements (continued)

TID #9 is located near the lake front on the northern part of HWY 32. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 6.23 acres, with a base valuation of \$1,983,575. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$72,119,175.

TID #10 is located near 11 Place and HWY 32. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 12.47 acres, with a base valuation of \$3,067,895. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the proposed District, totals \$73,203,495.

TID #11 is located near CTH S and CTH H. This is a mixed-use district, with commercial and industrial uses proposed. The District encompasses 66.49 acres, with a base valuation of \$185,414. The equalized value of the increment of existing tax incremental districts within the Village, plus the base value of the District, totals \$70,612,301.

The Proprietary and Fiduciary Fund types are accounted for on an economic resources measurement focus using the accrual basis of accounting. Revenues are recorded when they are earned or able to be calculated, including unbilled water and sewer services which are accrued. Expenses are recorded at the time liabilities are incurred.

The proprietary funds have elected to follow all pronouncements of the Governmental Accounting Standards Board and have elected not to follow Financial Accounting Standards Board guidance issued after November 30, 1989. The proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the Statement of Cash Flows, the Village considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Wisconsin Statutes restrict the investments of the Village to:

- Time deposits in financial institutions
- Securities issued or guaranteed by the Federal governments
- Municipal obligations of Wisconsin entities
- State of Wisconsin Local Government Pooled Investment Fund
- Repurchase agreements which are secured by securities issued or guaranteed by the Federal government
- Securities maturing in seven years or less and having the highest or second highest rating category of nationally recognized rating agency
- Securities of open-end management investment companies or investment trusts if the portfolio is limited to specified securities

No significant violations of these restrictions occurred during the year.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of accounting funds is allocated based on average balances. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2021, the fair value of the Village's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note IV A. for further information.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

2. Receivables

Wisconsin cities, villages and towns are charged with the responsibility of assessing taxable property and collecting taxes and making distributions to counties, school districts and other public bodies, including sanitary districts. All assessments are made as of January 1st.

Taxes on real and personal property are levied in December of each year by the Village of Somers in the amounts that when collected in the ensuing year, along with revenues, are sufficient to cover operating expenses, debt service and other expenditures of the Village. The Village's taxpayers have two options for the payment of their real estate taxes. One option is to pay the total amount of taxes due by January 31st. The other option is to utilize an installment plan whereby one-half of real estate taxes plus total special assessments must be paid by January 31st. The second and final payment must be made not later than July 31st. Taxes unpaid by July 31st become delinquent and are turned over to the county for collection. Personal property taxes are due on or before January 31st.

Initially, all taxes are collected by city, village and town treasurers who then make settlements with counties, school districts and other public bodies including sanitary districts. Kenosha County settles with the Village for all real estate taxes due and payable by January 31st. The Village receives a portion of their real estate levy in February, except for the amount of taxes that have been postponed for payment in July. These postponed taxes are paid to Kenosha County no later than July 31st and the Village receives these funds in August.

The Village has the right under the Wisconsin Statutes to place delinquent water and sewer bills on the tax rolls for collection. No allowance for uncollectible accounts is considered necessary at year end.

Property tax calendar - 2021 tax roll:

Lien date and levy date	December 2021
Tax bills mailed	December 2021
Payment in Full, or First installment due	January 31, 2022
Second installment due	July 31, 2022
Personal property taxes in full	January 31, 2022
Tax settlement with Village:	
First settlement	January 15, 2022
Second settlement	February 20, 2022
Final settlement	August 15, 2022

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

2. Receivables (continued)

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as “due to and from other funds.” Long-term interfund loans (noncurrent portion) are reported as “advances from and to other funds.” Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

3. Inventories and Prepaid Items

Inventories are generally used for construction and the operation and maintenance work and not for resale. They are valued at lower of cost or market based on average prices and charged to construction, operation and maintenance expense when used.

Prepaid balances are for the payments made by the Village in the current year to provide services occurring in the subsequent fiscal year, and the reserve to prepaid items has been recognized to signify that a portion of the fund balance is not available for other subsequent expenditures.

4. Restricted Assets

The General Fund has restricted assets in the amount of \$22,614 on December 31, 2021. These funds are to be used for costs that arise after the land has been developed at Somers Market.

Special Revenue Funds were established to account for impact fees, as required by state statutes, in order to provide funds which may be necessary to pay for capital costs that are required to accommodate land development. At year end, the restricted cash amount in the Drainage Fund was \$46,255.

Another Special Revenue Fund was established called the Park Fund that accumulated impact fees. They were established, by contract between the Village and the developer, to provide funds necessary to pay for the engineering, construction and legal fees during land development. At year end, this amount was \$59,045 which is reported in the Park Fund.

As a requirement of the Village’s Bonds, total restricted cash for bond reserves of \$786,625 was allocated out of the General Fund for debt service. Of this amount, \$215,854 is allocated to debt service for Tax Incremental District #1, \$351,500 is allocated to debt service for Tax Incremental District #2, \$132,585 is allocated to the Utility District #1, and \$86,686 is allocated to the Somers Water Fund.

In the Utility District #1, cash of \$6,299 is restricted for the DNR replacement fund.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

5. Capital Assets

Government-Wide Financial Statements

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets and infrastructure assets, and an estimated useful life based on the asset type. All capital assets are valued at historical cost, or estimated historical cost, if actual amounts are unavailable based on the records of the Village. Donated fixed assets are recorded at their estimated fair value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	50-100	Years
Land Improvements	20	Years
Machinery and Equipment	5-40	Years
Infrastructure	15-50	Years

Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

6. Other Assets

In governmental funds, debt issuance costs are recognized as expenditures in the current period.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

7. Compensated Absences

Under terms of employment, employees are granted sick leave/casual days and vacation days in varying amounts. Seventy-five percent of all unused accumulated sick leave/casual days will be paid to the employee upon termination of employment with the Village, up to a maximum of 90 days and/or 720 hours. No more than 90 days of sick leave/casual days may be accumulated. Vacation days can be carried over into the next year and must be used within the first quarter of the following year. For employees represented under a contract, vacation benefits are subject to the terms of the Collective Bargaining Agreement.

Vacation and casual days are accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

Accumulated liabilities at December 31, 2021 are determined on the basis of current salary rates and salary-related payments.

8. Long-Term Obligations/Conduit Debt

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes and bonds payable as well as other postemployment benefits and vested vacation and sick days.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources. The payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are deferred and amortized over the life of the issue using the effective interest method. Gains or losses on prior refundings are amortized over the remaining life of the old debt, or the life of the new debt whichever is shorter. The balance at year end for both premiums/discounts and gains/losses, as applicable, is shown as an increase or decrease in the liability section of the balance sheet.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

8. Long-Term Obligations/Conduit Debt (continued)

The Village does not engage in conduit debt transactions.

9. Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments are only reported in governmental funds if it has matured.

Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred. See Note V D. on commitments and contingencies.

10. Equity Classifications

Government-Wide Financial Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – includes the Village’s capital assets (net of accumulated depreciation) reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – includes assets that have third party (statutory, bond covenant, or granting agency) limitations on their use. The Village typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future project.
- c. Unrestricted net position – typically includes unrestricted liquid assets. The Village has the authority to revisit or alter this designation.

When both restricted and unrestricted resources are available for use, it is the Village’s policy to use restricted resources first, then unrestricted resources as they are needed.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (continued)

10. Equity Classifications (continued)

Fund Financial Statements

Governmental fund equity is classified as fund balance. GASB 54 requires the fund balance amounts to be reported in the following categories:

- a. Nonspendable – Amounts that cannot be spent either because they are in a nonspendable form, or because they are legally or contractually required to be maintained intact.
- b. Restricted – Amounts that can be spent only for the specific purposed stipulated by constitution, external resource providers, or through enabling legislation.
- c. Committed – Amounts that can be used only for the specific purposed determined by a formal action or resolution of the Board of Trustees (the Village’s highest level of decision-making authority).
- d. Assigned – Amounts that are intended to be used for a particular purpose expressed by the Board or other authorized committee or individual.
- e. Unassigned – All amounts not included in other spendable classifications.

The Village’s policy is to use fund balances in the following order: restricted, committed, assigned, and unassigned. The Village has adopted a policy requiring the General Fund to have at least 17% of its operating expenditures in reserve. Proprietary fund equity is classified the same as in the government-wide statements.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide Statement of Net Position. One element of that reconciliation explains that “long-term liabilities applicable to the Village’s governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities.” All liabilities, both current and long-term, are reported in the Statement of Net Position. Following are details of these differences:

Bonds and notes payable December 31, 2020	\$ (21,627,684)
New proceeds	(15,678,606)
Amortization of debt discount and issue costs	23,207
Vacation/sick day accrual	118,536
Other postemployment benefits (OPEB)	(45,781)
Principal retirements	2,807,796
Bonds and notes payable December 31, 2021	<u>\$ (34,402,532)</u>

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide Statement of Activities.

One element of that reconciliation states that “bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.” Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities on the Statement of Net Position. This is the amount by which repayments exceeded debt issued.

Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The details of this (\$12,847,603) difference are as follows:

New proceeds	\$(15,678,606)
Amortization of bond costs	23,207
Principal repayments – General Obligation debt	<u>2,807,796</u>
Net adjustment to decrease net changes in fund balances – total governmental funds to arrive at changes in net position of governmental activities	<u>\$ (12,847,603)</u>

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I.

A budget has been adopted for the general fund, special revenue funds, debt service fund, and capital projects funds and comparisons of actual to budget for the general fund is presented in the general-purpose financial statements. Budgetary comparisons are not required for proprietary funds.

The budgeted amounts presented include any amendments made. Board approvals are required to transfer budgeted amounts within departments, between departments, or changes to the overall budget.

Appropriations lapse at year-end unless specifically carried over.

B. GOVERNMENTAL FUNDS - EXCESS EXPENDITURES OVER APPROPRIATIONS

The Village controls expenditures at the appropriation unit level. The detail of those items can be found in the Village's year end budget to actual report. In 2021, the Village had the following appropriations over budget:

Appropriation	Amount Over Budget	Reason
General government	\$ 68,502	Additional municipal services required
Public safety	\$ 58,609	Additional firefighter hours required
Planning and development	\$ 19,999	Additional planning services required

C. DEFICIT BALANCES

Generally accepted accounting principles require disclosure of individual funds that have deficit balances at year end. The following funds have deficit fund balances as of December 31, 2021:

Fund	Deficit Balance
Tax Incremental District #2	\$ 359
Tax Incremental District #3	513,908
Tax Incremental District #4	185,330
Tax Incremental District #5	58,665
Tax Incremental District #6	1,059,967
Tax Incremental District #7	18,350
Tax Incremental District #8	231,948
Tax Incremental District #9	18,308
Tax Incremental District #10	7,235
Tax Incremental District #11	18,300

The tax incremental districts' deficits are anticipated to be funded with future incremental taxes levied over the life of the district.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (continued)

D. LIMITATIONS ON THE VILLAGE’S TAX LEVY RATE AND ITS ABILITY TO ISSUE NEW DEBT

Wisconsin state statutes provide for a limit on the property tax levies for all Wisconsin cities, villages, towns and counties. For the 2021 and 2020 budget years, the increase in the maximum allowable tax levy is limited to the percentage change in the Village's January 1 equalized value as a result of net new construction. Debt service for debt authorized after July 1, 2005 is exempt from the levy limit. In addition, Wisconsin statutes allow the limit to be adjusted for the increase in debt service authorized prior to July 1, 2005 and in certain other situations. The Village is in compliance with the limitation.

NOTE IV – DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Cash and cash equivalent balances as disclosed on the accompanying financial statements are comprised of the following:

	<u>Unrestricted</u>	<u>Restricted</u>	<u>Total</u>
Petty cash	\$ 1,714	\$ -	\$ 1,714
Demand deposits			
Interest bearing	9,378,124	786,626	10,164,750
Non-interest bearing	500	-	500
Other cash	9,497,125	134,213	9,631,338
Fiduciary			
Tax deposits	-	5,855,172	5,855,172
	<hr/>	<hr/>	<hr/>
Total cash and cash equivalents	<u>\$ 18,877,463</u>	<u>\$ 6,776,011</u>	<u>\$ 25,653,474</u>
Per Statement of Net Position - cash and cash equivalents			\$ 18,877,463
Per Statement of Net Position - restricted cash			920,839
Per Statement of Fiduciary Net Position - cash and cash equivalents			5,855,172
			<hr/> <u>\$ 25,653,474</u> <hr/>

Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for the combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the State of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution. Also, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued)

A. DEPOSITS AND INVESTMENTS (continued)

Wisconsin Local Government Investment Pool (LGIP)

The Village has investments in LGIP of \$9,631,338 at year end. The LGIP is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2021, the fair value of the Village's share of the LGIP's assets was substantially equal to the carrying value.

Deposits in the local government investment pool (LGIP) are pooled along with the deposits of all of the LGIP participants. The balance in the LGIP represents a pro-rated share of the total investments in the LGIP portfolio, meaning that the LGIP balance is insured to the same extent that the entire LGIP portfolio is insured. As of December 31, 2021, 84.00% was invested in various US Government investments which are backed by the federal government and not insured; and 16.00% was invested in various certificates of deposits and banker's acceptance notes which are guaranteed by the state deposit guarantee fund up to their insurance limitations.

Fluctuating cash flows during the year due to tax collections, receipt of state aids and/or proceeds from borrowing may have resulted in uninsured balances during the year significantly exceeding uninsured amounts at year end.

The Village maintains cash deposits within the LGIP. The deposit and investment balances of the various fund types on December 31, 2021 were as follows:

Local Government Investment Pool	
General Fund	\$ 9,507,317
Park Fund	59,045
Drainage	46,255
Utility District #1	6,299
Water Fund	12,422
	<u>\$ 9,631,338</u>

The Village has not formally adopted a deposit and investment policy but follows the requirements of the Wisconsin State statutes.

Deposits – Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the custodian holding the Village's deposits, the deposits may not be returned.

The Village has an agreement with the bank for collateralization of its deposits and investments. The bank has pledged \$17,417,355 of various securities as collateralization for the Village's deposits.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued)

A. DEPOSITS AND INVESTMENTS (continued)

At December 31, 2021, the reported amount of the Village's deposits, including LGIP, was \$25,653,474 and the bank balance, including LGIP, was \$21,977,833. Of this balance, \$7,690,324 was not covered by federal depository insurance, collateralized securities, or by the Wisconsin insurance program. In addition, the Village maintained petty cash funds in the amount of \$1,714. The Village does not have a policy related to credit risk and believes it is not exposed to any major risk of loss in relation to its deposits.

Investments

The Village has no investments.

B. RECEIVABLES

Revenues of the Village are reported net of uncollectible amounts. Total uncollectible amounts related to receivables of the governmental funds increased by \$202,354 to arrive at an ending balance for the current period of \$808,301.

In the Water Fund, the deferred special assessments are recorded net of the uncollectible amount of \$220,362.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued)

C. CAPITAL ASSETS

The valuation of the Village's fixed assets of the governmental funds is based on historical costs and an inventory done by the staff. The additions column represents the new assets in 2021. The deletions column represents the assets that were discarded in 2021. Capital asset valuation for the year ended December 31, 2021 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>
Governmental Activities				
Capital Assets not being depreciated:				
Land	\$ 1,032,477	\$ 111,218	\$ -	\$ 1,143,695
Construction in Progress	-	-	-	-
Land Improvements	4,185,036	-	-	4,185,036
Total Capital Assets not being depreciated	<u>5,217,513</u>	<u>111,218</u>	<u>-</u>	<u>5,328,731</u>
Other Capital Assets:				
Land Improvements	667,301	154,966	-	822,267
Buildings	6,037,764	24,862	-	6,062,626
Machinery & Equipment	5,860,622	780,572	(664,383)	5,976,811
Intangible Assets	38,732	-	-	38,732
Infrastructure	12,713,311	416,626	(353,429)	12,776,508
Total Other Capital Assets at Historical Cost	<u>25,317,730</u>	<u>1,377,026</u>	<u>(1,017,812)</u>	<u>25,676,944</u>
Less: Accumulated Depreciation	<u>(14,318,403)</u>	<u>(862,271)</u>	<u>1,017,812</u>	<u>(14,162,862)</u>
Net Total Other Capital Assets	<u>10,999,327</u>	<u>514,755</u>	<u>-</u>	<u>11,514,082</u>
Net Total Government Activities Capital Assets	<u>\$ 16,216,840</u>	<u>\$ 625,973</u>	<u>\$ -</u>	<u>\$ 16,842,813</u>
Add: Net book value of fixed assets reported in Proprietary Funds and paid for by Governmental Funds				\$ 15,266,455
Less debt related to capital assets				<u>(20,813,100)</u>
Net investment in capital assets for government- wide statements				<u>\$ 11,296,168</u>

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued)

C. CAPITAL ASSETS (continued)

Depreciation expense was charged to functions as follows:

Business - Type Activities

Utility District #1	\$	644,453
Somers Water Utility		330,092
KR Utility District		33,243
Total Business - Type Activities Depreciation Expense	\$	1,007,788

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

The interfund balances shown below reflect a long term loan formalized between the funds due to major projects completed in prior years not funded by external debt. The Water Fund owed \$584,372 to the KR Utility District with an interest rate of 0.17% over 20 years with a maturity date of 2033. As of December 31, 2021, the balance is \$353,003.

	<u>Principal</u>	<u>Interest</u>
For Year Ending December 31,		
2022	\$ 29,143	\$ 600
2023	29,192	551
2024	29,242	501
2025	29,292	451
2026-2030	147,208	1,506
2031-2033	88,926	303
	\$353,003	\$ 3,912

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (continued)

The following is a schedule of interfund receivables and payables.

Fund	Amount due from (to) other funds		
	Inter-fund Cash	Inter-fund Taxes	Total
	General Fund	\$ 1,545,010	\$ (4,838,411)
Debt Service	-	4,401,267	4,401,267
TID #1	-	25,727	25,727
TID #2	(320)	-	(320)
TID #3	(518,797)	-	(518,797)
TID #4	(116,179)	-	(116,179)
TID #5	(58,665)	-	(58,665)
TID #7	(18,350)	-	(18,350)
TID #8	(231,948)	-	(231,948)
TID #9	(18,308)	-	(18,308)
TID #10	(7,912)	-	(7,912)
TID #11	(18,300)	-	(18,300)
Water Utility	(556,231)	39,503	(516,728)
KR Utility Dist.	-	7,725	7,725
Utility Dist. #1	-	76,423	76,423
Storm Water Utility	-	287,766	287,766
	\$ -	\$ -	\$ -

All of these balances will be repaid within the year.

All balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. For the Statement of Net Position, interfund balances which are owed within the governmental activities or business-type activities are netted and eliminated.

Amounts owed between governmental and business-type activities are shown as “internal balances” on the Statement of Net Position.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued)

D. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (continued)

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The following are transfers for 2021:

Fund	In	Out	Reason
KR Utility District	\$5,491,748	\$ -	Fund Utility improvements
Utility District #1	2,017,093	-	Fund Utility improvements
Somers Water Fund	4,968,796	-	Fund Utility improvements
TID #1	-	1,453,007	Fund Utility improvements
TID #3	-	3,488,671	Fund Utility improvements
TID #6	-	5,510,279	Fund Utility improvements
TID #8	-	2,025,680	Fund Utility improvements
TID #2	22,763	-	Fund TID development
Debt Service Fund	-	22,763	Fund TID development

E. LONG-TERM OBLIGATIONS

Long-term obligations activity for the year ended December 31, 2021 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Amounts Due Within One Year
Governmental Activities					
Bonds and Notes Payable:					
General Obligation Bond	\$ 6,014,888	\$ 885,000	\$ 928,947	\$ 5,970,941	\$ 1,024,381
General Obligation Corporate Purpose	4,320,000	4,195,000	275,000	8,240,000	465,000
Revenue Bonds	6,265,000	-	200,000	6,065,000	270,000
Promissory Note	507,848	-	507,848	-	-
State Trust Fund Loan	896,001	-	896,001	-	-
Tax Increment Project Revenue Bond	425,000	-	-	425,000	350,000
Add/(Subtract) Deferred Amounts For: (Discounts)/Premiums	43,783	325,183	23,207	345,759	-
Total Bonds and Notes Payable	18,472,520	5,405,183	2,831,003	21,046,700	2,109,381
Other Liabilities:					
Post Retirement Benefits	1,494,994	45,780	-	1,540,774	-
Vested Vacation and Sick Days	352,134	-	118,536	233,598	81,451
Developer Reimbursement Obligation	1,308,036	10,273,423	-	11,581,459	-
Total Other Liabilities	3,155,164	10,319,203	118,536	13,355,831	81,451
Total Governmental Activities - Long-Term Liabilities	\$ 21,627,684	\$ 15,724,386	\$ 2,949,539	\$ 34,402,531	\$ 2,190,832

GENERAL OBLIGATION DEBT

All general obligation notes and bonds payable are backed by the full faith and credit of the Village. Notes and bonds in the governmental funds will be retired by future property tax levies accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

In accordance with Wisconsin Statutes, total general obligation indebtedness of the Village and Town may not exceed five percent of the equalized value of taxable property within the Village and Town's jurisdiction. The debt limit as of December 31, 2021, was \$46,851,000.

The Village's legal margin for creation of additional general obligation debt on December 31, 2021 was \$24,870,354 as follows:

Equalized valuation of the Village	\$ 937,020,000
Statutory limitation percentage	(x) 5%
General obligation debt limitation, per Section 67.03 of the Wisconsin Statutes	46,851,000
Net outstanding general obligation debt applicable to debt limitation	21,980,646
Legal margin for new debt	<u>\$ 24,870,354</u>

The Village is not obligated in any manner for special assessment debt.

Current Refundings

On March 30, 2021, the Village issued \$885,000 in general obligation bonds with an average interest rate of 0.93% to current refund four prior issues, \$842,042 of outstanding STF Loans with an average interest rate of 4.75%. The net proceeds of \$845,899 (after payment of \$31,763 in insurance and other issuance costs less an underwriting discount of \$7,338) were used to prepay the outstanding debt service requirements on the old loans.

The cash flow requirements on the refunded bonds prior to the current refunding was \$1,096,536. The current refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$112,247.

Governmental-activity revenue bonds

The Bonds are not general obligations of the Village but are special, limited obligations of the Village payable from revenues that are appropriated by the Village Board of the Village. The Village Board fully expects and anticipates that each year debt service is due on the Bonds, it shall appropriate Available Tax Increment to be derived from property in the TID in an amount sufficient to pay such amount in full. If a shortfall does occur, it will appropriate funds from other available funds of the Village sufficient to fund any such shortfall.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE IV – DETAILED NOTES ON ALL FUNDS (continued).

E. LONG TERM OBLIGATIONS (continued)

REVENUE BONDS (continued)

Business-type activity revenue bonds

The Village has pledged future utility district and water customers revenues, net of specified operating expenses, to repay the utility district and the water revenue bonds.

Other Debt Information

For debt with variable rates, each debt payment has a specified interest rate.

Estimated payments of compensated absences are not included in the debt service requirement schedules. The compensated absences liability attributable to governmental activities will be liquidated primarily by the general fund.

There are a number of limitations and restrictions contained in the various bond indentures and loan agreements. The Village believes it is in compliance with all significant limitations and restrictions.

The Village entered into an agreement with Bear Development for a tax increment revenue bond in exchange for infrastructure improvements paid for by Bear. Payment of the bond is dependent on the Village having sufficient TID revenues and other factors that are expected to occur.

F. RESTRICTED ASSETS

The Village's Restricted Assets at December 31, 2021 consisted of cash and cash equivalents as follows:

General Fund	\$ 22,614
Debt Service	
Tax Incremental District #1	\$ 215,854
Tax Incremental District #2	351,500
Total Debt Service	\$ 567,354
Special Revenue Funds

G. LEASE DISCLOSURES

Capital Leases – Lessee/Lessor

The Village entered into a lease-purchase agreement on November 30, 2012 for a customized truck for use by Utility District #1 in the amount of \$319,986 with a down payment of \$100,000 in 2012. The lease amount of \$319,986 began accruing interest on that date at 3.63% maturing on October 31, 2022. The vehicle was delivered in April, 2013 and depreciation began in 2013. The lease has been accrued as a long-term liability in the UD#1 Fund at December 31, 2012. The lease payments have been included in the schedule of debt service requirements in Note E. and are shown separately below with the depreciation schedule of the truck.

	Utility District #1

NOTE V – OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

Summary of Significant Accounting Policies

Pensions. For purposes of measuring the Net Pension Liability (Asset), Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, and Pension Expense (Revenue), information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by the WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. ETF issued a standalone WRS Financial Report, which can be found at <https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements>.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits provided. Employees who retire at or after age 65 (54 for protective occupations and 62 for elected officials and executive service retirement plan participants, if hired on or before 12/31/2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit. The WRS also provides death and disability benefits for employees.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

A. EMPLOYEES’ RETIREMENT SYSTEM (continued)

Post-Retirement Adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system’s consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the “floor”) set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment (%)	Variable Fund Adjustment (%)
2011	(1.2)	11.0
2012	(7.0)	(7.0)
2013	(9.6)	9.0
2014	4.7	25.0
2015	2.9	2.0
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	0.0	(10.0)
2020	1.7	21.0

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees, including Teachers, Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$182,465 in contributions from the employer.

Contribution rates as of December 31, 2020 are:

Employee Category	Employee	Employer
General (including teachers, executives, and elected officials)	6.75%	6.75%
Protective with Social Security	6.75%	11.65%
Protective without Social Security	6.75%	16.25%

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

A. EMPLOYEES’ RETIREMENT SYSTEM (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2021, the Village reported a net pension asset of \$966,364 for its proportionate share of the Net Pension Asset. The Net Pension Asset was measured as of December 31, 2020, and the Total Pension Liability used to calculate the Net Pension Liability (Asset) was determined by an actuarial valuation as of December 31, 2019 rolled forward to December 31, 2020. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The Village’s proportion of the Net Pension Asset was based on the Village’s share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2020, the Village’s proportion was 0.01547884%, which was an increase of 0.00056012% from its proportion measured as of December 31, 2019.

For the year ended December 31, 2021 the Village recognized pension revenue of (\$158,243).

At December 31, 2021, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,398,624	\$ 301,261
Net differences between projected and actual earnings on pension plan investments	-	1,814,270
Changes in assumptions	21,918	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	17,066	69,406
Employer contributions subsequent to the measurement date	183,608	-
Total	<u>\$ 1,621,216</u>	<u>\$ 2,184,937</u>

\$183,608 reported as deferred outflows related to pension resulting from the WRS Employer’s contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ended December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

NOTE V – OTHER INFORMATION (continued)

A. EMPLOYEES’ RETIREMENT SYSTEM (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Year ended December 31	Deferred Outflow of Resources	Deferred Inflows of Resources
2021	\$ 903,365	\$ (1,127,389)
2022	765,300	(824,952)
2023	336,879	(662,475)
2024	140,126	(278,182)
2025	-	-
Total	\$ 2,145,670	\$ (2,892,998)

Actuarial assumptions. The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2019
Measurement Date of Net Pension Liability (Asset)	December 31, 2020
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	7.0%
Discount Rate:	7.0%
Salary Increases:	
Inflation	3.0%
Seniority/Merit	0.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table
Post-retirement Adjustments*	1.9%

* No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.9% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. The Total Pension Liability for December 31, 2020 is based upon a roll-forward of the liability calculated from the December 31, 2019 actuarial valuation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Long-term expected Return on Plan Assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

**Asset Allocation Targets and Expected Returns
As of December 31, 2019**

<u>Core Fund Asset Class</u>	<u>Asset Allocation %</u>	<u>Long-Term Expected Nominal Rate of Return %</u>	<u>Long-Term Expected Real Rate of Return %</u>
Global Equities	51	7.2	4.7

NOTE V – OTHER INFORMATION (continued)

A. EMPLOYEES’ RETIREMENT SYSTEM (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Single Discount rate. A single discount rate of 7.00% was used to measure the Total Pension Liability for the current and prior year. This single discount rate is based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.00% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index’s “20-year Municipal GO AA Index” as of December 31, 2020. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities.). Because of the unique structure of WRS, the 7.00% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Village’s proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents the Village’s proportionate share of the net pension liability (asset) calculated using the discount rate of 7.00 percent, as well as what the Village’s proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease to Discount Rate 6.00%	Current Discount Rate 7.00%	1% Increase to Discount Rate 8.00%
Entity's proportionate share of the net pension liability (asset)	\$ 919,845	\$ (966,364)	\$ (2,351,773)

Pension plan fiduciary net position. Detailed information about the pension plan’s fiduciary net position is available in separately issued financial statements available at <https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements>.

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

RETIREE HEALTH INSURANCE

Plan Descriptions and Benefit Information

The Village of Somers Retiree Health Insurance Plan is a single-employer plan. The plan is administered by the Village and does not issue a standalone financial report. Certain retirees and certain non-represented employees of the Village, identified by name in the employee manual, are eligible for the benefit, along with the Village's new and existing firefighters. The Village pays a portion of these individuals' health insurance premiums for continued coverage under the then-existing Village group health insurance plan following retirement and until eligibility for Medicare insurance. Alternatively, retirees who have become eligible for Medicare supplemental insurance, may be entitled to payments of a portion of their Medicare supplemental health insurance premiums based upon a pre-determined and approved schedule available in the employee manual. The partial premium payments are for the retiree only and do not include family or spousal coverage. As related to OPEB, retirees are retired firefighters or non-represented employees or who were eligible for health insurance coverage from the Village for a period of not less than five (5) years prior to retirement and who have retired from such employment with the Village in good standing. Apart from the firefighters, no benefit is available for any retiree who was not a full-time, non-represented employee of the Village on or before January 1, 2011.

Funding Policy

The Village contribution is based on actual pay-as-you-go expenditures. Premium payments are made as a reimbursement of eligible costs directly to the retiree according to the details set forth in the employee manual. This manual, and the post-employment benefits offered have been established and can be amended by the Somers Village Board. No assets are accumulated in a trust that meets all of the criteria in GASB Statement No. 75, paragraph 4. The trust does not meet the criterion that the Village's contributions be irrevocable.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The Village generated an OPEB financial report with a valuation date of December 31, 2020 through the GASB help website, a service of the actuarial firm, Milliman, Inc. This calculation was rolled forward to December 31, 2021. This method is called the Alternative Measurement Method, which is done in place of a full actuarial valuation.

NOTE V – OTHER INFORMATION (continued)

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

RETIREE HEALTH INSURANCE (continued)

Assumptions and methods used in this valuation are summarized as follows:

Age Adjustment Factor:	1.253
Average Retirement Age:	50 for Fire Dept; 65 for others
Employer Future Premium Contribution:	Remain a level % of the total cost over time
Actuarial Cost Method:	Entry Age Normal
Amortization Method:	Level Percentage of Payroll
Assets Backing OPEB Liability:	\$0
Plan Asset Return:	0.000%
Bond Yield:	3.460%
Discount Rate:	3.460%
Measurement Date:	12/31/2020
Prior Measurement Date:	12/31/2019
Prior Year Discount Rate:	3.850%
Projected Salary Increases:	2.00%
Amortization Period:	20
Percentage Participation:	100.00%
NOL and ADC:	Calculated using the Alternative Measurement Method in accordance with GASB methodology.
Mortality Table:	Pub-2010 Public Retirement Plans Mortality Tables, with mortality Improvement projected for 10 years.
Turnover Assumption:	Derived from data maintained by the U.S. Office of Personnel Management regarding the most recent experience of the employee group covered by the Federal Employees Retirement System

The Village adopted the current employee manual providing these other post-employment benefits with an effective date of January 1, 2011. The Village has not established a separate, irrevocable trust to fund the annual OPEB cost. The Village used a 20-year tax-exempt municipal bond yield rate since the plan's net position is not projected to cover benefit payments. The Village administers the plan and has not allocated administrative expenses specifically to the plan.

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

RETIREE HEALTH INSURANCE (continued)

The Village reported an OPEB liability of \$1,260,448 for the year ended December 31, 2021. Below is a calculation of the liability using a discount rate that is 1% greater and 1% less than the baseline rate shown on the previous table:

	1% Decrease	Healthcare Cost Baseline Trend Rate	1% Increase
Net OPEB liability	\$ 1,101,311	\$ 1,260,448	\$ 1,444,504

Changes to the OPEB liability from the prior year to the current year are explained below:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance at December 31, 2020	\$ 1,300,638	\$ -	\$ 1,300,638
Changes for the year:			
Service cost	29,939	-	29,939
Interest	43,567	-	43,567
Contributions and benefit payments	(4,323)	-	(4,323)
Economic/demographic gains or losses	69,592	-	69,592
Changes in assumptions or inputs	(178,965)	-	(178,965)
Net changes	(40,190)	-	(40,190)
Balance at December 31, 2021	\$ 1,260,448	\$ -	\$ 1,260,448

The Village recognized an OPEB expense of (\$31,544) for the year ended December 31, 2021. No payables were outstanding as of the end of the year.

Information about the number of active/inactive employees and retirees was as follows:

Village of Somers Retiree Health Insurance Plan	
Inactive employees or beneficiaries currently receiving benefit payments	6
Active employees	10
	16

The healthcare baseline trend rate used in the calculation is as follows:

	Medical	Pharmacy	Dental	Vision
Year 1	4.90%	5.90%	3.50%	3.00%
Year 2	4.80%	4.80%	3.50%	3.00%
Year 3	4.70%	4.70%	3.00%	3.00%
Year 4	4.70%	4.70%	3.00%	3.00%
Year 5	4.60%	4.60%	3.00%	3.00%
Year 6	4.50%	4.50%	3.00%	3.00%
Year 7	4.40%	4.40%	3.00%	3.00%
Year 8	4.30%	4.30%	3.00%	3.00%
Year 9	4.30%	4.30%	3.00%	3.00%
Year 10	4.30%	4.30%	3.00%	3.00%

Below is a calculation of the OPEB liability using a 1% decrease and a 1% increase to the base healthcare trend rates:

	1% Decrease	Healthcare Cost Baseline Trend Rate	1% Increase
Net OPEB liability	\$ 1,101,311	\$ 1,260,448	\$ 1,444,504

LOCAL RETIREE LIFE INSURANCE FUND (LRLIF)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Other Post-Employment Benefits (OPEB). The fiduciary net position of the Local Retiree Life Insurance Fund (LRLIF) has been determined using the flow of economic resources measurement focus and the accrual basis of accounting. This includes for purposes of measuring the Net OPEB Liability, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Other Post-Employment Benefits, OPEB Expense (Revenue), and information about the fiduciary net position of the LRLIF and additions to/deductions from LRLIFs fiduciary net position have been determined on the same basis as they are reported by LRLIF. For this purpose, benefit payments (including refunds of member contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan description. The LRLIF is a multiple-employer defined benefit OPEB plan. LRLIF benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. The Wisconsin Department of Employee Trust Funds (ETF) and the Group Insurance Board have statutory authority for program administration and oversight. The plan provides post-employment life insurance benefits for all eligible members.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

LOCAL RETIREE LIFE INSURANCE FUND (LRLIF) (continued)

OPEB Plan Fiduciary Net Position. ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

Benefits provided. The LRLIF plan provides fully paid up life insurance benefits for post-age 64 retired employees and pre-65 retirees who pay for their coverage.

Contributions. The Group Insurance Board approves contribution rates annually, based on recommendations from the insurance carrier. Recommended rates are based on an annual valuation, taking into consideration an estimate of the present value of future benefits and the present value of future contributions. A portion of employer contributions made during a member’s working lifetime funds a post-retirement benefit.

Employers are required to pay the following contributions based on employee contributions for active members to provide them with Basic Coverage after age 65. There are no employer contributions required for pre-age 65 annuitant coverage. If a member retires prior to age 65, they must continue paying the employee premiums until age 65 in order to be eligible for the benefit after age 65.

Contribution rates as of December 31, 2021 are:

Coverage Type	Employer Contribution
50% Post Retirement Coverage	40% of employee contribution
25% Post Retirement Coverage	20% of employee contribution

Employee contributions are based upon nine age bands through age 69 and an additional eight age bands for those age 70 and over. Participating employees must pay monthly contribution rates per \$1,000 of coverage until the age of 65 (age 70 if active). The employee contribution rates in effect for the year ended December 31, 2020 are as listed below:

Life Insurance Employee Contribution Rates* For the year ended December 31, 2019		
Attained Age	Basic	Supplemental
Under 30	\$0.05	\$0.05
30-34	0.06	0.06
35-39	0.07	0.07
40-44	0.08	0.08
45-49	0.12	0.12
50-54	0.22	0.22
55-59	0.39	0.39
60-64	0.49	0.49
65-69	0.57	0.57
*Disabled members under age 70 receive a waiver-of-premium benefit.		

During the reporting period, the LRLIF recognized \$2,086 in contributions from the employer.

LOCAL RETIREE LIFE INSURANCE FUND (LRLIF) (continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At December 31, 2021, the Village reported a liability of \$575,612 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of December 31, 2020, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of January 1, 2020 rolled forward to December 31, 2020. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The Village's proportion of the net OPEB liability (asset) was based on the Village's share of contributions to the OPEB plan relative to the contributions of all participating employers. At December 31, 2020, the Village's proportion was 0.10464300%, which was a decrease of 0.00630900% from its proportion measured as of December 31, 2019.

For the year ended December 31, 2021, the Village recognized OPEB expense of \$61,996 for the Fund. No payables were outstanding as of the end of the year.

At December 31, 2021, the Village reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 27,466
Net differences between projected and actual earnings on OPEB plan investments	8,380	-
Changes in assumptions	223,921	39,495
Changes in proportion and differences between employer contributions and proportionate share of contributions	105,068	112,932
Contributions subsequent to the measurement date	6,021	-
Total	\$ 343,390	\$ 179,893

\$6,021 reported as deferred outflows related to OPEB resulting from the LRLIF Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability (asset) in the year ended December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

LOCAL RETIREE LIFE INSURANCE FUND (LRLIF) (continued)

Year ended December 31	Expense
2021	\$ 29,630
2022	28,724
2023	27,790
2024	26,446
2025	32,514
2026	11,886
Thereafter	486
Total	\$ 157,476

Actuarial assumptions. The total OPEB liability in the January 1, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	January 1, 2020
Measurement Date of Net OPEB Liability (Asset)	December 31, 2020
Actuarial Cost Method:	Entry Age Normal
20 Year Tax-Exempt Municipal Bond Yield:	2.12%
Long-Term Expected Rated of Return:	4.25%
Discount Rate:	2.25%
Salary Increases	
Inflation:	3.00%
Seniority/Merit:	0.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. The Total OPEB Liability for December 31, 2020 is based upon a roll-forward of the liability calculated from the January 1, 2020 actuarial valuation.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

LOCAL RETIREE LIFE INSURANCE FUND (LRLIF) (continued)

Long-term expected Return on Plan Assets. The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. Investments for the LRLIF are held with Securian, the insurance carrier. Interest is calculated and credited to the LRLIF based on the rate of return for a segment of the insurance carriers' general fund, specifically 10-year A- Bonds (as a proxy, and not tied to any specific investments). The overall aggregate interest rate is calculated using a tiered approach based on the year the funds were originally invested and the rate of return for that year. Investment interest is credited based on the aggregate rate of return and assets are not adjusted to fair market value. Furthermore, the insurance carrier guarantees the principal amounts of the reserves, including all interest previously credited thereto.

**Local OPEB Life Insurance
Asset Allocation Targets and Expected Returns
As of December 31, 2019**

<u>Asset Class</u>	<u>Index</u>	<u>Target Allocation</u>	<u>Long-Term Expected Geometric Real Rate of Return</u>
US Credit Bonds	Barclays Credit	50%	1.47%
US Mortgages	Barclays MBS	50%	0.82%
Inflation			2.20%
Long-Term Expected Rate of Return			4.25%

The long-term expected rate of return and expected inflation rate remained unchanged from the prior year at 4.25% and 2.20% respectively. The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

B. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

Single Discount rate. A single discount rate of 2.25% was used to measure the Total OPEB Liability for the current year, as opposed to a discount rate of 2.87% for the prior year. The significant change in the discount rate was primarily caused by the decrease in the municipal bond rate from 2.74% as of December 31, 2019 to 2.12% as of December 31, 2020. The Plan’s fiduciary net position was projected to be insufficient to make all projected future benefit payments of current active and inactive members. Therefore, the discount rate for calculating the Total OPEB Liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the plan’s fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payment to the extent that the plan’s fiduciary net position is projected to be insufficient. The plan’s fiduciary net position was projected to be available to make projected future benefit payments of current plan members through December 31, 2036.

The projection of cash flows used to determine the single discount rate assumed that employer contributions will be made according to the current employer contribution schedule and that contributions are made by plan members retiring prior to age 65.

Sensitivity of the Village’s proportionate share of the net OPEB liability (asset) to changes in the discount rate. The following presents the Village’s proportionate share of the net OPEB liability (asset) calculated using the discount rate of 2.25 percent, as well as what the Village’s proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (1.25 percent) or 1-percentage-point higher (3.25 percent) than the current rate:

	1% Decrease to Discount Rate (1.87%)	Current Discount Rate (2.87%)	1% Increase to Discount Rate (3.87%)
Entity's proportionate share of the net OPEB liability (asset)	\$ 782,997	\$ 575,612	\$ 418,773

OPEB plan fiduciary net position. Detailed information about the OPEB plan’s fiduciary net position is available in separately issued financial statements available at <http://etf.wi.gov/publications/cafr.htm>.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

C. RISK MANAGEMENT

The Village of Somers is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the Village of Somers to purchase commercial insurance for the risks of losses to which it is exposed.

D. COMMITMENTS AND CONTINGENCIES

From time to time, the Village is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the Village's Attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the Village's financial position or results of operations.

Funding for the operating budget of the Village comes from many sources, including property taxes, grants and aids from other units of government, user fees, fines and permits, and other miscellaneous revenues. The State of Wisconsin provides a variety of aid and grant programs which benefit the Village. Those aid and grant programs are dependent on continued approval and funding by the Wisconsin governor and legislature, through their budget processes. Any changes made by the State to funding or eligibility of local aid programs could have a significant impact on the future operating results of the Village.

E. UNCERTAINTIES

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic. The Village is closely monitoring its assets and its liquidity and is actively working to minimize the impact of these declines. The extent of the impact of COVID-19 on the Village's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Village's customers, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact The Village's financial position and changes in net position, fund balance and cash flows is uncertain and the accompanying financial statements include no adjustments relating to the effects of this pandemic.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

F. INTERGOVERNMENTAL AGREEMENT BETWEEN TOWN OF SOMERS AND VILLAGE OF SOMERS

On April 24th, 2015, the Secretary of State for the State of Wisconsin issued an incorporation certificate, recognizing the Village of Somers (Village) as an independent Wisconsin municipality consisting of lands that were formerly located in the Town of Somers (Town).

The Town provided municipal services to the property owners and residents of the Town prior to the incorporation of the Village and in order to continue the adequate provision of services on a cost effective basis, the Town and Village entered into an agreement whereby the Village will provide the majority or all municipal services for the benefit of the Town and Village, and the Town and Village will share the costs of these services in accordance with the proportions and other terms listed below.

The Town and Village of Somers did annex a portion of the "Remnant Town" into the Village, leaving the remaining "B" area to be annexed by the City of Kenosha as a result of a boundary agreement between the Town of Somers and the City of Kenosha.

Wisconsin statute §66.0235 requires the Town and Village to apportion assets and liabilities as a result of the recent incorporation of the Village and further apportionment will be required in accordance with the boundary adjustments detailed in the Agreement.

Terms of the Agreement:

Term shall be 10 years from the effective date with mutual 10-year renewal until such time that the "B" Area is annexed to the City. The "Effective Date" shall be Midnight of December 31, 2015.

Apportionments of Assets and Liabilities:

Before apportioning any other asset or liability, all monetary assets and liabilities presently owned or owed by the Town shall be apportioned in accordance with the formula contained at §66.0235(2)(b) based upon the average assessed valuation for the preceding five (5) years of the post-boundary-line change Town and Village areas, respectively. Because all assets permitted by law will be transferred by the Town to the Village, the goal is to ensure that assets and liabilities that must be divided by law are divided in the appropriate proportion before deciding the apportionment of any other tangible asset.

The majority of debt of the Town and Village is General Obligation (GO) Debt issued either through competitive bids, through the State Trust Fund, or by other means and backed by the full faith and credit of the Town prior to incorporation. It is required that this debt be apportioned between the Village and Town regardless of the purpose for which it was issued unless otherwise permitted by law.

Following apportionment, and as determined by the apportionment board, the Town may lease any real estate, buildings, road maintenance equipment, park equipment, vehicles, fire and rescue equipment, garbage and recycling equipment, and other similar non-monetary assets that it retains after apportionment, to the Village in exchange for payment of \$1.00 in annual consideration (the Village's compliance with the other terms and conditions contained in this Agreement will serve as additional consideration for said lease the receipt of which is acknowledged by Town).

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

F. INTERGOVERNMENTAL AGREEMENT BETWEEN TOWN OF SOMERS AND VILLAGE OF SOMERS
(continued)

Provision of Municipal Services:

All *public works and related services* that were previously provided by the Town for the benefit of the Town shall hereafter be provided by the Village for the benefit of the Town and Village.

The Village shall provide *fire and rescue services* to its own property owners and residents and to the Town's property owners and residents.

Parties to this agreement agree to jointly operate the *Somers Municipal Court* and share in its cost and revenue.

The Town is presently a party to a contract with a private contracted service providing *refuse and recycling services* to property owners and residents. This contract continued in force and effect for the duration of their term. The contract with the private vendor was transferred to the Village on the effective date of this intergovernmental agreement.

The Village shall be responsible for the maintenance of all *parks* located in the Town and Village.

Town and Village shall share all employees and administrative staff. The employees will be employees of the Village and the Town shall contribute to the cost. The record keeping will be performed by the Village staff. All employees of the Town shall be terminated by the Town and rehired by the Village on terms identical to the terms of their current employment with the Town. Any Collective Bargaining Agreement shall be assigned from the Town to the Village as of the Effective Date.

The Town and Village shall appoint a common *Clerk and Treasurer* and share the cost.

Payment of Expenses Related to Shared Services:

Unless otherwise agreed by the Parties, the Town and Village shall be jointly responsible for the cost of all shared services in the nature of public works, public safety, refuse and recycling, parks, administrative staff, and costs resulting from the provision of similar services, as referenced above.

The Town and Village shall each pay the proportion of total expenses equal to their respective share of the total assessed value of all real and personal property located in the Town and Village in the prior year. This value shall be based upon legally taxable value as determined by the Village assessor.

Apportionment of Levy:

The apportionment of the levy shall be based upon the property originally approved by the State Department of Administration to become a Village, plus any subsequent properties annexed to the Village by ordinance adopted by the Village Board. In this case, to the degree practicable, the mill rate of the Village shall equal the mill rate of the Town. For the 2017 budget and subsequent budgets, the apportionment ratio shall be as determined by the Kenosha County Division of Land Information using the best information available as determined by the Division of Land Information. For 2021, the levy was assessed in compliance with these terms.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

F. INTERGOVERNMENTAL AGREEMENT BETWEEN TOWN OF SOMERS AND VILLAGE OF SOMERS
(continued)

Assignment of Revenue:

The Town does hereby agree to assign revenues to the Village to the degree allowed by State or Federal agencies.

Contracts:

All contracts held by the Town in 2015 through 2017 were transferred to the Village.

Capital Expenditures:

The cost of any new capital equipment or other asset necessary or useful for the provision of the municipal services contemplated herein shall be apportioned between the Town and Village in a proportion equal to their respective shares of the total assessed value of all real and personal property located in the Town and Village in the prior year.

Capital Financing & Debt:

In accordance with 66.0301, all existing debt of the Town that was not already transferred to the Village on May 26, 2015 (the "Existing Debt") was transferred to the Village. It is the intention of the Village and the Town that each municipality share the cost of the Existing Debt in proportion to the assessed value (TID out) of each municipality. In order to evidence the intention to share the cost of the Existing Debt, the Town shall issue a general obligation promissory note (the "Note") to the Village for its proportionate share of the Existing Debt based upon its share of assessed value.

The Village will issue all future debt (the "New Debt") to fund municipal projects pursuant to this IGA, to include GO debt, leases, revenue bonds, conduit debt, or any other debt needed to fund the joint budget, the Utility, or any TIF district in the Village including refunding bonds. Therefore, in order to be able to adjust the principal amount of the Note to reflect either or both (1) any change in the proportionate share of assessed value and/or (2) additional obligations of the Town in connection with additional debt issued by the Village on behalf of the Town, the Note shall be issued for a two-year term. The payments due in the first year of the Note will reflect the Town's share of debt service on the Existing Debt and the New Debt in that same year and the payments due in the second year will be the remaining principal plus interest.

GO debt service for general fund debt, or other debt intended to be funded by tax levy through operation of this agreement shall be apportioned between the Town and Village based upon assessed value in accord with apportionment and assessment standards.

Resolution No. 2015-19 was signed on December 22, 2015 as a result of the incorporation of the Village and the existence of the Town. This resolution authorizes the issuance of a \$241,410.01 General Obligation promissory note to the Village of Somers to pay the Town's share of the cost of obligations incurred by the Town or on behalf of the Town.

Tax provisions of the note: For the purpose of paying the principal and interest of the note, the full faith, credit, and resources of the Town are irrevocably pledged, and it is levied upon all of the taxable property of the Town as a direct annual irrevocable tax in the years 2020 and 2021 for the payments due in the years 2020 and 2021 in the amounts in the following schedule.

**VILLAGE OF SOMERS
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE V – OTHER INFORMATION (continued)

F. INTERGOVERNMENTAL AGREEMENT BETWEEN TOWN OF SOMERS AND VILLAGE OF SOMERS
(continued)

Payment Date	Principal	Interest	Total-Year
3/1/2020	\$ -	\$ 17,323	\$ 17,323
9/1/2020	104,059	-	104,059
3/1/2021	-	12,408	12,408
9/1/2021	85,174	-	85,174

The Town’s revenues are recorded within the Village’s accounts so therefore this note is considered paid to the Village and not an outstanding receivable.

G. INCORPORATION AND CLASSIFICATION OF TOWN RELATED REVENUE AND EXPENDITURES INTO THIS REPORT

According to the IGA, the Village provides all services required by the Town and the Town reimburses these services based on their assessed valuation. The budget and the levy reflect those of both municipalities. Therefore, for accounting and management purposes, the Village records all of the revenues and expenditures of the Town in the Village’s general ledger. For purposes of this audit report, Town revenues from the State or external sources are reported in the same classification in the Village books as the Village revenue. The expenditures of the Town are also reported in this audit report in the same functional categories as the Village expenditures.

H. SUBSEQUENT EVENTS

Management evaluated subsequent events through November 9, 2022, the date the financial statements were available to be issued. In March 2022, the village authorized sale of \$1.067 million General Obligation Promissory Notes to finance construction projects. Management is not aware of any other events that would require disclosure in the financial statement footnotes.

I. UPCOMING ACCOUNTING PRONOUNCEMENTS

In June 2017, the GASB issued Statement No. 87, *Leases*. The Statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. This statement is effective for reporting periods beginning after June 15, 2021. The Village is currently evaluating the impact this standard will have on the financial statements when adopted.

VILLAGE OF SOMERS

Notes to Required Supplementary Information December 31, 2021

NOTE A – GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT NOS. 68 AND 71

The Village implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68* for the fiscal year ended December 31, 2015. Information for prior years is not available. The amounts presented for each fiscal year were determined as of the calendar year end that occurred with in the fiscal year.

NOTE B – GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENT NO. 75

The Village implemented GASB Statement 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, for the fiscal year ended December 31, 2018. Information for prior years is not available. The Village currently has no assets accumulated in a trust for the single employer plan.

NOTE C – WISCONSIN RETIREMENT SYSTEM

There were no changes of benefit terms for any participating employer in WRS.

The amounts reported for each fiscal year were determined as of the calendar year-end that occurred within the fiscal year. The Village is required to present the last ten fiscal years of data; however, accounting standards allow the presentation of as many years as are available until the ten fiscal years are presented.
